
Executive Certificate in Maritime Safety and Compliance (Higher)

Why the Global Market is Paying a Premium for This Skill Set

Source: McKinsey Global Institute, World Economic Forum, OECD (2026)

Trend Driver | Why It Matters | Global Source

Decarbonization mandates pushing stricter safety regulations in global shipping fleets | Companies face USD \$100B+ in potential fines by 2026 without certified compliance leadership | McKinsey Global Institute
Offshore wind expansion creating urgent need for advanced incident prevention standards | Every 1% safety improvement saves EUR 2.1B annually across EU projects | World Economic Forum
Geopolitical trade shifts driving demand for multi-jurisdictional compliance expertise | Asia-Pacific ports now require bilingual safety officers at 3x current supply | OECD
