
Postgraduate Certificate in Inorganic Chemistry (Intermediate)

Why the Global Market is Paying a Premium for This Skill Set

Source: McKinsey Global Institute, World Economic Forum, OECD (2026)

Trend Driver | Why It Matters | Global Source

Green transition in heavy industry | Industrial processes now require 30 % more inorganic chemists to replace fossil-based inputs | McKinsey Global Institute (2026)

Battery and energy storage scaling | Demand for cathode & electrolyte specialists has risen 55 % YoY across US, EU and India | World Economic Forum Future of Jobs Report

Advanced materials R&D surge | Materials discovery roles in aerospace, electronics and catalysis pay 25 % above peers | OECD Skills Outlook (2026)
